

I am writing on behalf of K-Love Radio hoping that they won't be taken off the air. I am able to hear K-Love on 106.7 in my local community and it is such an uplifting station to listen to. I listen at work, at home and while driving in my car. K-Love also contributes to this community by sponsoring Christian music artists to come and do concerts. These have been wonderful to attend. If K-Love were to be displaced by an LPFM broadcaster I would be devastated. It's the only station I listen to and it has added so much to my life. The music and all of the programming is so wonderful and it's great to have a voice on the air that can reach people with the love of God. The services provided by K-Love are definitely serving the public interest. I know many, many people who listen and support this station financially. Not only is the music great, but the other ways that they are encouraging and loving the listeners is such a blessing. Whenever they have problems with the towers and are off the air in my local area, which is very seldom, I miss it so much. I would definitely be lost if K-Love were to go off the air. Please don't replace it with the LPFM broadcasting.
